

Junior Developer - Uniq-ID[®]

We are looking for a Junior Developer to join our development team. This full-time position will be responsible for development, testing, and documentation for the eScholar Uniq-ID[®] product. The Junior Developer must be self-motivated, willing to learn new technologies and must have good written and oral communication skills.

Primary Responsibilities:

- Develop, test, and maintain web and mobile applications
- Design, develop, and unit test applications in accordance with established standards
- Participate in peer-reviews of solution designs and related code
- Analyze and resolving technical and application issues and defects
- Serve as Level 2 support and handling support activities
- Adhere to high-quality development principles
- Actively learning new technologies
- Perform various adhoc responsibilities
- Participate daily stand-ups, backlog reviews, sprint planning meetings and other agile meetings

Required Skill and Qualifications:

- Experience with SQL (MSSQL, Oracle, PostgreSQL)
- Experience with backend development with Java (11), Junit, Maven
- Experience with frontend development using JavaScript frameworks (Vue), HTML5/CSS/SCSS/SASS, JSON API integration
- Experience with Git, BitBucket, Jira, Jenkins
- Full SDLC experience
- Experience building large scale transactional systems
- Exemplary written and verbal communication skills

Desired Skills and Qualifications:

- Familiarity with the public and/or higher education sector (highly desirable).

For consideration, please apply on the careers page of our website <http://www.escholar.com/work-at-escholar/>

Due to the high volume of applications we receive, we are only able to contact those candidates whose qualifications most closely match the position requirements. To qualify, applicant must be a U.S. citizen, permanent resident alien ("green card holder"), temporary resident alien, refugee or asylee. Visa sponsorship is not available. eScholar LLC is committed to equal employment opportunity and employs all qualified persons without regard to age, race, creed, color, national origin, gender, sexual orientation, disability, marital status, Vietnam Era Veteran status, genetic predisposition, or carrier status, or any other classification protected by the federal, state or local laws.

eScholar works with state, local and federal education agencies across the country to help them solve their education data management and data warehouse challenges. For over 15 years, we have been exclusively focused on delivering education data management solutions which enable education

agencies to integrate, manage and make available key education-related data. We have built an organization of experienced education data management and software and project management professionals who understand the challenges and issues associated with the collection, integration and management of education data.

Our company values Integrity, Leadership, Respect, and Diversity. We enjoy working with people who can turn insight into action, who are strong analytical thinkers and creative problem solvers, and who are able to influence others in both verbal and written communication. Talented candidates who work well independently and who have a demonstrated ability to positively engage with others should consider a career with eScholar.

eScholar Company Values

Integrity

We are entrusted with the important responsibility of helping students achieve their educational goals. At eScholar we never lose sight of the protection and support of the students who have put their trust in us. This means that each member of our team strives constantly to be worthy of that trust, to accept and provide open and honest perspective in everything we do.

Leadership

eScholar not only serves education agencies like school districts and state education agencies, but leads our industry in becoming more responsive to students' needs. We do this by discovering innovative means to help students become more effective in achieving success. We value leaders who can align the success of our team to the success of our customers and to the ultimate success of the students.

Respect

eScholar team members must respect the mission we are focused on, as well as the perspectives of our customers and of the professionals we partner with. This requires that team members demonstrate that respect for others and their viewpoints and conduct themselves in a manner worthy of respect in return.

Diversity

eScholar is focused on helping individual students achieve the goals they have chosen for their lives. To accomplish this, we must value each person's culture and perspective and communicate and deliver our services in a manner which reflects that value. This imperative demands that we seek and cultivate a team that reflects this ideal.
